CONTRACT AWARDED FOR BUILDING NEW SCHOOL

Taggart Lumber Company of Fayette City Favored

BID IS OVER $26,000

North Charleroi School District to Have Fine New Eight Room Structure

The contract for building the proposed new eight-room brick school building at North Charleroi was awarded to the Taggart Lumber company of Fayette City by the school board Thursday night at a special meeting. The contract price is approximately $26,240.

Three bids were considered at the meeting last night, although 13 had entered bids on the work. The three considered were of the Taggart Lumber company and William Nowell, the lowest bidders.

In letting the contract for the work the home man was favored. The Homestead Lumber company's bid was a little lower and that of William Nowell was higher than the Taggart Lumber company's bid.

Work is to begin as soon as possible on the construction of the new building, the old frame structure being in course of demolition now.

The $22,000 five per cent bonds to be issued for building purposes were not sold, but will be disposed of at a later date.

Members of the North Charleroi school board are J. A. Springer, I. N. Kibler, John Hogan, P. E. Kramer, C. A. Mets and Bowman Horn. S. W. Sharpneck is the acting secretary.

CELEBRATE THEIR 35TH ANNIVERSARY

In honor of their 35th wedding anniversary Mr. and Mrs. Benjamin Barnett entertained the members of the Women's Bible class of the Methodist Sunday school and their husbands at their home on Lincoln avenue last night. About 20 were present. A plasant evening was spent with social diversions and lunch was cerved. The class is taught by C. C. Crill and Mrs . Barnett is a member.

A Big Meal at a Little Price

The manager of the new restaurant said last night that they are in a position to serve a biggers and better meal for a small sum than ever served in the city before. The new restaurant will be called the Busy Bee Restaurant. The many improvements that they have added to the restaurant ought to be the busy restaurant of the town. The prices are very reasonable and the service quick. Specials every day. Tables especially for the ladies. 222t6

"Darn" Is Worst Word Premitted

But Church Leaguers Can Say "Oh Pshaw" or "Oh Fudge" to Hearts Content

If any player of the Charleroi Church League during the coming season is tempted to use language which would not be strictly proper in drawing room conversation, and fails he is likely to be severely rebuked by the umpire, if not banished from the game altogether. "Doggone" and "blame" will be tolerated, and at the outside limit "darn" once a month but more expressive expletives will be out of order. Action was taken to this effect at ameeting of the executive committee Thursday night, which was attended by Umpires Byland and Mathias. If the league is to be a church league, proper language must accordingly be used. The executive committee considered about a dozen new names which had been turned in by various teams.

BAD FIRE PREVENTED

Chemicals Work Well and Flames are Easily Extinguished

SOME DAMAGE BY SMOKE

What had every prspect of a destructive fire at the home of L. A. McVey of Fallowfield avenue near Seventh street, at 12:30 o'clock this morning was stopped by promt application of chemicals by the fire department. The flames started in the cellar and were discovered after smoke had filled the house. The alarm was turned in and the firemen were prompt i responding. The domage which was mostly from smoke, was slight.

Tried Out With Southern Team

California Players Home From Trip Into Southern Climes

Bowen Calvert, of California, better known as "Boon," has returned from Greenwood, Mississippi where he had been trying out to pitch for the Greenwood team of the Cotton States League. All Bowen lacks is experience. With him came Nort Titus, of last year's Normal team. Nort endeavored to make good on the same team, but failed. Woods Cross, a one-time resident of California and former Normal star, is manager of the Greenwood team.

FOREPAUGH AND SELLS SHOWS COMING SOON

When the Great Adam Forepaugh and Sells Brothers' circus comes to Charleroi on Saturday, May 6, there will be fifty clowns in evidence, and every one of them is a pastmaster in the art of making people laugh. This is one of the most difficult arts in the science of entertaining, according to those who claim to know, and these funny men have their business down to their fingers' ends.

The custom with many shows is to put a funny costume on a cheap man and expect him to tickle the audience to death. But a funny pair of pantaloons and a coat of many colors do no make a funny man. With this knowledge well in mind the management of the circus that is soon to be here has searched all Europe and America for real clowns, clowns who can make people laugh under all circumstances.

There are jesters with this show who have made melancholy kings shriek with laughter. There are comedians from the famous comic opera companies of Europe. There are pantomimist from famous old Drury Lane, and any number of America's most successful stage buffoons.

Spectaters find themselves gaping with awe at a dangerous and thrilling mid-air act, to be plunged into laughter the next moment by the clowns on the track. It is indeed a wonderful performance that takes place under the great tent, spiced with the richest humor.

DEBATE AS ATTRACTION

Citizen Has Scheme to Raise Money for Hospital

To the Editor of the Charleroi Mail:

Dar Sir—There is a crying need for a hospital in Charleroi. When we note the fact that a cup of cold water given to the needy has its reward, how much greater will the reward be when people sacrifice even their lives to relieve suffering humanity.

In recalling the many cases that was cared for at the Monessen and Charleroi hospital a few days ago with Dr. Sloan, I must say it is a pity that we are going to lose it.

The act of 1887 known as No.265 P. L. page 40 provides that if a deed for a suitable site ismade in the name of the Commonwealth the sum of $60,000 will be given by the State to any one of the 35 counties named in the act, Washingtn being sixth on the list.

Now is order to provide the means for getting asuitable site I will make the following proposition:

I challenge Billy Sunday to meet me in debate on the VIIIChapter 12th verse of the Book of Amos, I to take the affirmative and Billy the negative. Each to speak one hour, the entire audience to be the judges and one representative from each church to tak up the collection. Let George W. Risbeck as burgess of Charleroi forward this challenge to Billy and let Messrs. Jolliffe, Crowley, Wycoff and Reeves furnish chairs for the ladies and invalids. It would be well to have a committee of arrangements. I would sugest Dr. Slan, E. C. Niver, R. H. Rush, Krfoot W. Daly, E. W. Hastings of h Trust company, W. H. Coles, C. W. Weltner, John Buchanan and Johnnie Jenkins. I have no doubt different bands would give us a blow or two.

TABULATE ALL THE BIDS

County Controller and County Commissioners Hear Many Bidders

County Controller J.H. Moffitt yesterday opened bids at Washington for the construction of three sections of road which had previously been approved by the grand jury under the Flinn road law.These are the Charleroi-Bentleyville road from the end of the Sproul road up Maple creek to the Bentleyville borough line, the McDonald-Venice road, and the Prosperity-Dunn Station road, six miles in all.

There were 25 bidders. Bids were also received for constructing the Charleroi-Bentleyville road and the McDonald-Venice road with brick. The bids will be tablulated by the commissioners in a few days.

While no figures were given out for publication it is intimated that the bids were lower than usual. It is stated that the estimated cost of brick roads is $17,000 per mile, and of macadamized roads $14,000, but that the bids are so low that it is possible the whole of the contract will not exceed the cost of macadamized roads, or $84,000 for the six miles.

Hastings and Piper of Charleroi are bidders on the Charleroi-Bentleyville section.

WILLIAM J. RANDON DIES AT KITTANNING

William J. Randon, aged about 60 years and a well known glassworker, died Thursday night at Kittanning where he has been working for sometime. The body will be brought to his home in Charleroi and the funeral held here. His widow, seven daughters and two sons survive. The daughter are Mrs. Joseph Alsopp and Mrs. Elmer Sellers of Charleroi and Mrs. Mathers of Pittsburg; Misses Martha, Nellie, Amelia and Florence. The sons are Fred of Charleroi and William of St. Louis.

THEORY AND PRACTICE.

When the local physicians who have engaged to give talks in the various churches on "Tuberculosis Sunday," which is next Sunday, a feature that they will no doubt emphasize will be the necessity of out door exercise and fresh air. Tuberculosis as wll as all affections of the respiratory organs are essentially house diseases, which can be averted in most instances by life in the open. The gospel of fresh air is the propaganda of the medical profession of the present day, and the treatment of tubersulosis is almost exclusively confined to living and sleeping out of doors.

This condition should emphasize the need of the public providing playgrounds for the children. In the thickly populated communities those who do no care to have their children run the streets keep them in the house. This is detrimental to their health and ia is from these hot house exotics, as well as close and illy ventilated stores, workshops and mines, that the ranks of the great army of tubercular patients are recruited. It is well for the physicians to preach the doctrine of fresh air, but it is up to the municipal, State and National authorities to provide the means for recreation and outdoor exercise for the masses as a preventive for house diseases.

PICKED UP IN PASSING

"I wonder how many people realize what an inhospitable climate this is," remarked a citizen, who sort of keeps tab on signs and seasons. "We shudder when we read about the far north—the Klondike, Canada and British Columbia, where they are said to have but six months the of year free from snow and frost, but look over the past winter, which really began the first of last November. From that time until now we have had rough weather, with but few really pleasant days. In a little less than two months from the present time the days will begin to shorten for the coming winter. We have really had six months of winter, and in the coming seaon frosts announcing the approach of next winter are likely to make their appearance in less than five months. Nature will have to do some hustling to produce a good crop within that time."

"Education will not always make a man, although it is usually a great help in attaining success in life," remarked a prominent mill superintendent who had himself come up from the "cinder pile." "I was born and bred in a little New York State village, and always remember the efforts of one couple to educate their son, and the dismal failure he made of his accomplishments.

"The son in question was an only child, and from the time he was old enough his parents devoted their entire time and means in trying to make something out of John. He was first sent to a private school, then tutored for college, and finally went to Harvard, where he graduated with high honors. He came home, but with all his education could not find a vocation in life. He tried law, but failed, and after experimenting around finally remained at home, a pensioner on his father's bounty.

"One evening at a church social a company of old and young people were discussing some subject, when John's father made a slip in his English. Instantly John corrected him, giving the proper grammatical construction of the phrase with the Latin derivations of the words used. The company was impressed with the display of learning, which was of course a grand stand play, until the old man said:

"It's all very well to correct your old father, John, but you should remember that if he hadn't done more for you than God Almighty you would have been a ——fool."

IT GROWS HAIR

Here Are Facts We Want You to Prove at Our Risk

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and $1.00. Sold only at our store—The Rexall Store. Carroll's Drug Store, 628 Fallowfield avenue.

Quality at Low Prices and the Quanity You Ask For

Does the quality of what you eat cut any ice with you? If it does we have something to say to you. We are now making a specialty of Cudahy's Diamond "C" Hams and we want to say to you that there isn't a better ham in this country today than Diamond "C". In slicing hams we only slice the heart of them, and we sell this heart of ham at 25 cents per pound. If you try this once you will never use any other.

These hams are on sale whole at the following prices: Skinned, 17c per lb.; regular 15c per lb. California Hams are now 11c per lb. We do not sell anything only our own make of lard, every pound of which is guaranteed absolutely pure, and is now selling at the following low prices: single pounds, three and five pound pails 12½c per pound, ten and twenty pound pails 12¼c per pound, fifty pound cans 12c per pound. Dry Salt Side 12 1-2c per. lb.

We have been selling Butterine here for the past ten months. In that time we have tested a good many different brands, and have chosen the one that we think is the best. This is the Holland Creamery Co's. Silver Churn. Last winter we sold this Butterine at 28c per pound. We are going to make a specialty of this particular brand and begining Saturday morning we will sell "Silver Churn" at 20c per pound.

Saving In France

It is said that the French are the most saving people on earth. Their banks hold a third of all the coined gold and their foreign investments exceed a billion dollars.

While their public debt is the largest they have probably secured the most good out of it. They have spent over a billion dollars on canals and improved rivers. Every district has a share in the cheapest known system of transportation. Common roads all over France are excellent. Agriculture manufacturing and mining are fostered and the country's defensive arms are adequately maintained.

Speers

Mrs. William Dunkerly is on the si ck list.

Van L. Speers, who has purchased the store room and vacant lot near the station, is doing some extensive repairing.

The Ladies Aid held a social at the home of Mr. and Mrs. Joe Beazel Wednesday evening. A good crowd was present and a neat sum realized for the effort put forth by the aid.

The schools here have closed. Room No. 2 taught by Prof. J. L. Roberts closed on Wednesday. Nothing special was given the last day. This is Mr. Roberts' fifth term, and he is cordially invited to return next year. Room No. 1, taught by Miss Myrtle Clendenon, closed on Thursday. This is Miss Clendenon's first term, and she is much praised by the pupils and parents, while the directors insist on her returning for next year. Her easy and pleasing manner of controlling her school is the wonder of all who visited her room during the winter. More than 100 different people have visited her school, among whom were directors and principals of other districts. The school board of this place realizes this and do not contemplate a change in her department. The school closed with a very fitting program. There were between 60 and 70 visitors present, many of them patrons of the school. Miss Clendenon treated her pupils to candy The people of Speers generally believe that they have as good schools as many of the larger towns.

CONTRACT AWARDED FOR BUILDING NEW SCHOOL

Taggart Lumber Company of Fayette City Favored

BID IS OVER $26,000

North Charleroi School District to Have Fine New Eight Room Structure

The contract for building the proposed new eight-room brick school building at North Charleroi was awarded to the Taggart Lumber company of Fayette City by the school board Thursday night at a special meeting The contract price is approximately $26,240.

Three bids were considered at the meeting last night, although 13 had entered bids on the work. The three considered were of the Taggart Lumber company and William Nowell, the lowest bidders.

In letting the contract for the work the home man was favored The Homestead Lumber company's bid was a little lower and that of William Nowell was higher than the Taggart Lumber company's bid.

Work is to begin as soon as possible on the construction of the new building, the old frame structure being in course of demolition now.

The $22,000 five per cent bonds to be issued for building purposes were not sold, but will be disposed of at a later date

Members of the North Charleroi school board are J. A Springer, I. N. Kibler, John Hogan, P. E. Kramer, C. A. Metz and Bowman Horn. S. W. Sharpneck is the acting secretary.

"Darn" Is Worst Word Premitted

But Church Leaguers Can Say "Oh Pshaw" or "Oh Fudge" to Hearts Content

If any player of the Charleroi Church League during the coming season is tempted to use language which would not be strictly proper in drawing room conversation, and fails he is likely to be severely rebuked by the umpire, if not banished from the game altogether. "Doggone" and "blame" will be tolerated, and at the outside limit "darn" once a month but more expressive expletives will be out of order. Action was taken to this effect at ameeting of the executive committee Thursday night, which was attended by Umpires Byland and Mathias. If the league is to be a church league, proper language must accordingly be used The executive committee considered about a dozen new names which had been turned in by various teams

FOREPAUGH AND SELLS SHOWS COMING SOON

When the Great Adam Forepaugh and Sells Brothers' circus comes to Charleroi on Saturday, May 6, there will be fifty clowns in evidence, and every one of them is a pastmaster in the art of making people laugh. This is one of the most difficult arts in the science of entertaining, according to those who claim to know, and these funny men have their business down to their fingers' ends.

The custom with many shows is to put a funny costume on a cheap man and expect him to tickle the audience to death. But a funny pair of pantaloons and a coat of many colors do no make a funny man. With this knowledge well in mind the management of the circus that is soon to be here has searched all Europe and America for real clowns, clowns who can make people laugh under all circumstances.

There are jesters with this show who have made melancholy kings shriek with laugbter. There are comedians from the famous comic opera companies of Europe. There are pantomimist from famous old Drury Lane, and any number of America's most successful stage buffoons.

Spectators find themselves gaping with awe at a dangerous and thrilling mid-air act, to be plunged into laughter the next moment by the clowns on the track. It is indeed a wonderful performance that takes place under the great tent, spiced with the richest humor.

Citizen Has Scheme to Raise Money for Hospital

To the Editor of the Charleroi Mail:

Dar Sir—There is a crying need for a hospital in Charleroi. When we note the fact that a cup of cold water given to the needy has its reward, how much greater will the reward be when people sacrifice even their lives to relieve suffering humanity.

In recalling the many cases that was cared for at the Monessen and Charleroi hospital a few days ago with Dr. Sloan, I must say it is a pity that we are going to lose it.

The act of 1887 known as No.265 P. L page 40 provides that if a deed for a suitable site ismade in the name of the Commonwealth the sum of $60,000 will be given by the State to any one of the 35 counties named in the act, Washington being sixth on the list

Now is order to provide the means for getting asuitable site I will make the following proposition.

I challenge Billy Sunday to meet me in debate on the VIIIChapter 12th verse of the Book of Amos, I to take the affirmative and Billy the negative. Each to speak one hour, the entire audience to be the judges and one representative from each church to tak up the collection. Let George W. Risbeck as burgess of Charleroi forward this challenge to Billy and let Messrs Jolliffe, Crowley, Wycoff and Reeves furnish chairs for the ladies and invalids It would be well to have a committee of arrangements. I would sugest Dr. Slan, E. C. Niver, R. H Rush, Krfoot W. Daly, E. W. Hastings of h Trust company, W. H Coles, C W. Weltner, John Buchanan and Johnnie Jenkins. I have no doub lfferent bands would give us olow or two.

BIDS ARE OPENED FOR CONSTRUCTION OF ROADS

Many Contractors Ready to Do Work on Highways

TABULATE ALL THE BIDS

County Controller and County Commissioners Hear Many Bidders

County Controller J H. Moffitt yesterday opened bids at Washington for the construction of three sections of road which had previously been approved by the grand jury under the Flinn road law These are the Charleroi-Bentleyville road from the end of the Sproul road up Maple creek to the Bentleyville borough line, the McDonald-Venice road, and the Prosperity-Dunn Station road, six miles in all.

There were 25 bidders Bids were also received for constructing the Charleroi-Bentleyville road and the McDonald-Venice road with brick. The bids will be tablulated by the commissioners in a few days.

While no figures were given out for publication it is intimated that the bids were lower than usual. It is stated that the estimated cost of brick roads is $17,000 per mile, and of macadamized roads $14,000, but that the bids are so low that it is possible the whole of the contract will not exceed the cost of macadamized roads, or $84,000 for the six miles.

Hastings and Piper of Charleroi are bidders on the Charleroi-Bentleyville section.

WILLIAM J. RANDON DIES AT KITTANNING

William J. Randon, aged about 60 years and a well known glassworker, died Thursday night at Kittanning where he has been working for some time. The body will be brought to his home in Charleroi and the funeral held here. His widow, seven daughters and two sons survive. The daughter are Mrs. Joseph Alsopp and Mrs. Elmer Sellers of Charleroi and Mrs. Mathers of Pittsburg; Misses Martha, Nellie, Amelia and Florence. The sons are Fred of Charleroi and William of St. Louis.

THEORY AND PRACTICE.

When the local physicians who have engaged to give talks in the various churches on "Tuberculosis Sunday," which is next Sunday, a feature that they will no doubt emphasize will be the necessity of out door exercise and fresh air. Tuberculosis as will as all affections of the respiratory organs are essentially house diseases, which can be averted in most instances by life in the open. The gospel of fresh air is the propaganda of the medical profession of the present day, and the treatment of tubersulosis is almost exclusively confined to living and sleeping out of doors.

This condition should emphasize the need of the public providing playgrounds for the children. In the thickly populated communities those who do no care to have their children run the streets keep them in the house. This is detrimental to their health and is from these hot house exotics, as well as close and illy ventilated stores, workshops and mines, that the ranks of the great army of tubercular patients are recruited. It is well for the physicians to preach the doctrine of fresh air, but it is up to the municipal, State and National authorities to provide the means for recreation and outdoor exercise for the masses as a preventive for house diseases.

PICKED UP IN PASSING

"I wonder how many people realize what an inhospitable climate this is," remarked a citizen, who sort of keeps tab on signs and seasons. "We shudder when we read about the far north—the Klondike, Canada and British Columbia, where they are said to have but six months the of year free from snow and frost, but look over the past winter, which really began the first of last November. From that time until now we have had rough weather, with but few really pleasant days. In a little less than two months from the present time the days will begin to shorten for the coming winter. We have really had six months of winter, and in the coming season frosts announcing the approach of next winter are likely to make their appearance in less than five months. Nature will have to do some hustling to produce a good crop within that time."

"Education will not always make a man, although it is usually a great help in attaining success in life," remarked a prominent mill superintendent who had himself come up from the "cinder pile." "I was born and bred in a little New York State village, and always remember the efforts of one couple to educate their son, and the dismal failure he made of his accomplishments.

"The son in question was an only child, and from the time he was old enough his parents devoted their entire time and means in trying to make something out of John. He was first sent to a private school, then tutored for college, and finally went to Harvard, where he graduated with high honors. He came home, but with all his education could not find a vocation in life. He tried law, but failed, and after experimenting around finally remained at home, a pensioner on his father's bounty.

"One evening at a church social a company of old and young people were discussing some subject, when John's father made a slip in his English. Instantly John corrected him, giving the proper grammatical construction of the phrase with the Latin derivations of the words used. The company was impressed with the display of learning, which was of course a grand stand play, until the old man said:

"It's all very well to correct your old father, John, but you should remember that if he hadn't done more for you than God Almighty you would have been a ——fool."

IT GROWS HAIR

Here Are Facts We Want You to Prove at Our Risk

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and $1.00. Sold only at our store—The Rexall Store. Carroll's Drug Store, 623 Fallowfield avenue.

Notice to Bridge Contractors

Sealed proposals for the construction of the following County Bridges will be received by the County Controller until 12 o'clock noon, May 22nd, 1911. Bids will be opened at 1:30 p. m. on the day mentioned. Plans and specifications are on file in the County Engineer's office, and proposal blanks will be furnished on application.

1. The McClain bridge over Chartiers Creek on the line between Chartiers and South Strabane townships. This bridge will be a plate girder bridge of 60 ft. span and 16 ft. roadway, with concrete and brick floor and concrete or stone abutments.
2. The Applegate bridge over Sugar Run in Independence township. This bridge will be a pony truss bridge of 42 ft. span and 16 ft. roadway with concrete floor and concrete or stone abutments.
3. The Main St. Bridge over Catfish Creek in the Borough of Washington. This bridge will be a reinforced concrete structure of 12 ft. span and 17 ft. roadway.
4. The Twilight bridge over the South branch of Maple creek in Twilight Boro. This bridge will be a reinforced concrete structure of 30 ft. span and 16 ft. roadway with concrete and brick floor.

On bridges 1 and 2 bids will be received on the substructure and superstructure both separately and combined.

Each bid must be accompanied by a certified check for $200.00 or Trust Company bond for $400.00.

The right is reserved to reject any or all bids.

Quality at Low Prices and the Quanity You Ask For

Does the quality of what you eat cut any ice with you? If it does we have something to say to you. We are now making a specialty of Cudahy's Diamond "C" Hams and we want to say to you that there isn't a better ham in this country today than Diamond "C". In slicing hams we only slice the heart of them, and we sell this heart of ham at 25 cents per pound. If you try this once you will never use any other.

These hams are on sale whole at the following prices: Skinned, 17c per lb.; regular 15c per lb. California Hams are now 11c per lb. We do not sell anything only our own make of lard, every pound of which is guaranteed absolutely pure, and is now selling at the following low prices: single pounds, three and five pound pails 12½c per pound, ten and twenty pound pails 12¼c per pound, fifty pound cans 12c per pound. Dry Salt Side 12 1-2c per. lb.

We have been selling Butterine here for the past ten months. In that time we have tested a good many different brands, and have chosen the one that we think is the best. This is the Holland Creamery Co's. Silver Churn. Last winter we sold this Butterine at 28c per pound. We are going to make a specialty of this particular brand and begining Saturday morning we will sell "Silver Churn" at 20c per pound.

Saving In France

It is said that the French are the most saving people on earth. Their banks hold a third of all the coined gold and their foreign investments exceed a billion dollars.

While their public debt is the largest they have probably secured the most good out of it. They have spent over a billion dollars on canals and improved rivers. Every district has a share in the cheapest known system of transportation. Common roads all over France are excellent. Agriculture manufacturing and mining are fostered and the country's defensive arms are adequately maintained.

Speers

Mrs. William Dunkerly is on the si ck list.

Van L. Speers, who has purchased the store room and vacant lot near the station, is doing some extensive repairing.

The Ladies Aid held a social at the home of Mr. and Mrs. Joe Beazel Wednesday evening. A good crowd was present and a neat sum realized for the effort put forth by the aid.

The schools here have closed. Room No. 2 taught by Prof. J. L. Roberts closed on Wednesday. Nothing special was given the last day. This is Mr. Roberts' fifth term, and he is cordially invited to return next year. Room No. 1, taught by Miss Myrtle Clendenon, closed on Thursday. This is Miss Clendenon's first term, and she is much praised by the pupils and parents, while the directors insist on her returning for next year. Her easy and pleasing manner of controlling her school is the wonder of all who visited her room during the winter. More than 100 different people have visited her school, among whom were directors and principals of other districts. The school board of this place realizes this and do not contemplate a change in her department. The school closed with a very fitting program. There were between 60 and 70 visitors present, many of them patrons of the school. Miss Clendenon treated her pupils to candy. The people of Speers generally believe that they have as good schools as many of the larger towns.
